

Extreme Coding Club

4TH AND 5TH GRADE STUDENTS WILL:
Explore coding through online exploration.

The Coding Club will use computer programs Code.org and Wonder Workshops to learn how to code video games and program robots. During the club some students will be working on the computer writing code for video games while others will be using apps on the kindle to program the Dash and Dot robots. We only have a few robots and tablets to use at this time, but every student will have the opportunity to use them during at least two of the six sessions.

NO EXPERIENCE NECESSARY

Dismissal Details and registration confirmation

On the day of the club, students will be dismissed to the instructor's room. Parents are required to pick up their students at 4:45 at the main lobby. If your child is enrolled in the afterschool program for that day, they may also be released to that program. If you provide a snack, your child may eat it during the course time. I will email all families of students who are in the club and I will return all forms and checks to students who did not get in. Students will be accepted on a first come first serve basis.
