

Glenwood's
**SUMMER
CHALLENGE**

Dear Parents,

Summer has arrived! This year, your children have worked hard building strong academic skills. During the summer months, we encourage our students to keep working on the math and reading skills they have developed over the course of the year.

We present the Glenwood Summer Challenge. Please encourage your children to participate in this challenge. Children who complete the challenge will be rewarded with a boxed lunch we purchase from the cafeteria, a special game and other activities along with extra recess. In order to earn this game, children will have to complete the challenge and turn their journals into their classroom teachers. Children must turn in a completed reading and math journal the first week of school to qualify.

Please take the time to enjoy your summer! Participating in this challenge should only take a few minutes each day.

Have a wonderful summer!

Dr. Karen Cappucci
