Administration Present:

Alfred D. Tutela, Ph.D., Superintendent of Schools

Chairman called the executive session to order at 10:25 PM

The Superintendent updated the Committee on the progress, or lack therefore, of negotiations for the Wachusett Administrators Association. The first mediation session was held last week with no progress being made.

The Superintendent expressed concern that it appears from the actions of the Committee that the Committee has lost trust in him as Superintendent. The Superintendent reminded the Committee that if the high school long-term project is to be successful, the Committee must have confidence and trust in its Superintendent. The Superintendent reported that there is a process for the School Committee and the Superintendent to address this issue.
